

2017 BOMA Boston Affiliate Company of The Year

Since 1986, ACP Facility Services has become an award-winning, New England area leader in professional commercial office maintenance and cleaning services located outside of Boston, servicing offices for numerous Fortune 500 companies in virtually every industry. With a variety of clients throughout Eastern United States from general office and manufacturing to condominiums, retail locations, educational institutions and medical buildings, ACP Facility Services provides top-notch facility services for over 60 million SF of space every day.

ACP Facility Services boasts customer satisfaction as a top priority, proving evident in the way their customers hold them in the highest esteem. Anthony Capozzi, a loyal ACP Facility Services customer, comments on the customer/vendor relationship, "every level of the organization that I've dealt with from President to COO to the day-to-day staff, all have that same level of customer satisfaction. At first, I thought this level of customer service was because we were a new customer, but 4 years later, that level of customer service has held up to the standard [Jerry Russo] told me it would."

ACP Facility Services' active participation in BOMA Boston since 1998 has not gone unnoticed. Rob Brierley, Managing Director, Real Estate Management Services and Executive Vice President, Colliers International, comments, "ACP Facility Services has been actively engaged as Affiliate Members of BOMA Boston through sponsorships, attendance and participation in numerous BOMA Boston events. Over the past several years, Jerry Russo has served as a member of the Golf Committee as well as serving as an engaged member of the BOMA Boston TOBY Awards Committee."

BOMA Boston Members from ACP Facility Services include: Filomena Homem, Jerry Russo, and Michael White.

»Congratulations to ACP Facility Services.
